

## **H-1B WORK VISA REFUND TERMS AND CONDITIONS**

### **Services We Offer for You:**

Please fill out the contact form on our website to get a free evaluation of your resume and key information. We look forward to hearing from you!

#### **A. H-1B Lottery Process with Money-Back Guarantee Service**

If you're not selected in the H-1B visa lottery—an annual process determined entirely by chance—we'll refund the first installment of your attorney's fees. This means that, in the event of an unsuccessful lottery result, your only expense will be the application fee, ensuring no unnecessary financial burden.

If you are selected, the remaining attorney's fees will become due. We'll then handle your application with expert care under one of our service options outlined below.

#### **B. Services for the H-1B Application**

##### **1. Approval-Guaranteed Service**

The qualifications of the sponsoring employer and applicant, as well as factors such as the offered position, are thoroughly evaluated. If we determine that your case has strong enough conditions and documentation to confidently ensure approval with our assistance, your application will be prepared under our Approval-Guaranteed Service.

In the event of a denial, the attorney's fees will be refunded. The refund policy is detailed in the attorney-client agreement.

##### **2. Conditional Refund-Guaranteed Service**

If, upon reviewing your application conditions, we identify a strong potential for success but find that certain documents need improvement, we guide our clients on how to address these deficiencies. For applications that we believe will meet eligibility requirements once the necessary conditions and documents are properly completed, our Conditional Refund-Guaranteed Service will apply.

In the event that the application is denied despite meeting the required conditions, the attorney's fees will be refunded.

##### **3. Standard Service**

As a firm with an approval rate of nearly 99%, we only take on cases where we see a high likelihood of success. In some instances, even if an application does not fully meet all objective criteria, we provide support to clients whose cases we believe can achieve a positive outcome with our guidance.
